### Chapter 1 by Ashley

There was a little cat. Nobody liked him. There a little baby chick. Nobody liked him. One day the cat was walking around and saw the chick. The chick got scared. But the cat put him on his back. They be came friends. They did mostly everything together.

### Chapter 2 by SaintSayaka

The biggest thing that they did together was grow up. The kitten became a fine feline. The chick became a rooster.

What they didn't expect was to fall in love.

Neither of their households particularly liked the news that their children were marrying out of the species.

"Why not marry that fine Tomcat next door?" crooned the feline's mother.

"Why not create a harem of chickens?" cawed the rooster's father.

It seemed as if there would be no solution to their problem until the fateful day where everything changed.
